Fall River County Commissioners
906 North River Street
Hot Springs, SD 57747

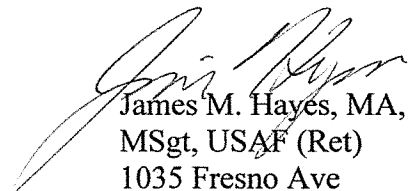

Dear Commissioners;

I am a United States Air Force veteran of 20 years and I served in Vietnam from January 1968 to January 1969. Over the years many of my service connected injuries have come to cause me to change my lifestyle from active to not so active. I have dealt with the Veterans Service Officers in Sioux Falls, Mitchell and here in Hot Springs with very little satisfaction. In fact in most was cases I was treated like, "Why are you bothering me?" My wife insisted that I try one more time and so I did.

I saw Mr. Dan Cullen and I want you to know that he really cares for the veteran and he works his butt off for the veteran. Nobody could ever get my military records – he did. His processor told me I had to get my own records – she could care less. Through his dedication to his work and his stick-to-itiveness he was able to track down my records and enabled me to get the disability I was entitled too.

Mr. Cullen is a fine young gentleman with a great attitude and respect for the veteran, which is more than I could ever say about his predecessor. He is a man of great knowledge and ability to get the job done for the veteran. I am proud to know him and my life is much better because of him. He is one of those people who just by talking to him makes ones whole week better. Fall River County is blessed to have such a great, caring individual such as Mr. Dan Cullen.

Sincerely,

James M. Hayes, MA, CCDC III

Fall River Commissioners:

We continue on the journey to pursue agriculture development in your county and across the State of SD. The County Site Analysis Program (CSAP) is a tremendous tool to proactively and logically look at what makes sense for development. The first step was layering existing data to put it in more useable information formats. We handed this tool to you in the summer of 2016. There is additional information in electronic version that you have the key to. The next step is now in front of you.

It is logical to put the tool in the hands of someone who can utilize the information. You have the full authority to grant proxy access to the information from the CSAP. I support the option to provide access to your local economic development professional. I have visited with Andrea Powers and I believe she is a logical option to begin to utilize this information. If you decide to allow this access, your designee may contact the South Dakota Department of Agriculture to set up username and passwords to web-site based, electronic, information.

The information, in the full version of the CSAP, contains parcel specific information including ownership. You may want to define the parameters of the access and use to trusted partners. I expect that Ms Powers has intentions to use this information in her nearby efforts and we can partner in building opportunities. Please feel free to contact me or have me in front of you for additional explanation or questions.

Respectfully,

Bob Weyrich,
Western Ag Development Representative
South Dakota Department of Agriculture
