Susie Simkins, Director of Equalization and John McBride, Andersen Engineers, met with the board about the first reading of the section line ROW ordinance. McBride stated that they had recently gone to training and noted changes that he is now currently aware of. He asked the board to table this for an amended version. The board will revisit a first reading on the amended ordinance at the February 6, 2018 meeting.

Break was taken at 10:07 a.m. Meeting resumed at 10:15 a.m.

Public comment was heard from Paul Nabholz and Jim Angell. Nabholz advised he has sent out an email to 174 Power Global to get further information for a better estimate on revenues. Nabholz sent an email to the State's Attorney concerning the fox and costs could be a lien on the owner. Angell noted that he didn't like certain comments that had been made during the 1-3-18 meeting on the Chilson Bridge.

Falkenburg opened public comment and discussion on the Chilson Bridge, asking for one or two residents in the area to be spokesman for the group so the auditor can let people know when the Chilson Bridge is on the agenda to keep them informed. Discussion was held on use of eminent domain, project timeline, appraisals and negotiations, evaluation of costs, hiring outside attorneys, and information on the history of the road purchase for the bridge, bridge grants and letters to representatives expressing concerns.

Joe Allen left the meeting at 11:07 a.m.

The board received a document of SD Game Fish and Park's activities for 2017. Falkenburg has questions on the amount paid by the county to the state on predator control (wildlife damage management), and asked the Auditor to try to get Keith Fisk from GF&P to a future meeting.

Paul Nabholz, Commissioner, spoke of tracking the equipment in the Highway Department by GPS. There are possibilities to do this through Caterpillar or Verizon. This may help when commissioners get phone calls at home so they can see the progress during storms, etc. Seiler spoke of daily forms operators fill out on what roads they work on, machine costs etc, but expressed caution on giving time estimates to landowners for road graders to arrive during emergency snow removal due to possibilities of pulling graders from road to road as needed, breakdowns and other issues encountered. Other commissioners noted either no need for the tracking, or it could be considered if there are problems, no comments to pursue.

George Kotti, Hot Springs Mayor; Dawn Johnson, Hot Springs Librarian and Kim Barbieri, City Administrator, met with the board to discuss Prairie Hills Transit. Kotti spoke of the responsibilities and needs the council considered for their upcoming budget, as commissioners did for their budget. There are several big projects coming up in the City of Hot Springs over the course of the next few years and there are limited funds for outside organizations. The funding of nonprofit organizations is a question. Kotti also noted their offer for a bus garage, land and utilities to PHT. The embezzlement issue within PHT was discussed. Kotti encouraged citizens to use United Way and Prairie Hills Transit to do fundraising to make up the difference.

Funding for the HS Library by users in the county was also discussed. Falkenburg asked to meet with the City to continue working on the solution for public transportation. Librarian Dawn Johnson updated the board regarding their recent award of being in the top 15 libraries in the nation in the budget area, noting staff's positive attitudes, membership and patronage.

Motion made by Russell, seconded by Nabholz, to adjourn the meeting at 11:20 a.m.
