This letter is intended to inform you of matters that must be formally communicated to those charged with governance in accordance with auditing standards generally accepted in the United States of America. These required communications include, but are not limited to, the following:

1) The auditor's views about qualitative aspects of the entity's significant accounting practices.
2) Any significant difficulties encountered during the audit.
3) Any disagreements with management.
4) Corrected and uncorrected misstatements, other than those that are trivial, brought to management's attention as a result of the audit.
5) Representations the auditor has requested from management.
6) Management's consultation with other accountants, if any.
7) Any significant issues arising from the audit that were discussed or communicated to management.
8) Any other findings or issues considered significant or relevant to those charged with governance regarding their oversight of the financial reporting process, such as any threats to auditor independence.

As part of performing the audit of the financial statements of Fall River County (County) as of December 31, 2019 and for each of the years in the biennial period then ended, we have identified the following matters that we feel are required to be communicated to those charged with governance.

Qualitative Aspects of Accounting Practices
Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant policies used by the County are described in Note 1 to the financial statements. No accounting policies were changed during the audit period noted above. We noted no transactions entered into by the County during the audit period for which there was a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.
Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

**Difficulties Encountered in Performing the Audit**
We noted no significant difficulties in dealing with management in performing and completing our audit.

**Disagreements with Management**
For the purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no significant disagreements arose during the course of our audit.

**Corrected and Uncorrected Misstatements**
Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management and those charged with governance.

There were no material unposted audit adjustments for the audit period ended December 31, 2019. A recap of significant auditor recommended adjustments that were posted to the financial statements were given to and approved by the County Auditor.

We are also required to communicate with management and those charged with governance the effect of any uncorrected misstatements which are less than material but more than trivial, including the impact of unposted adjustments in prior years. A recap of these items have been discussed with and approved by the County Auditor.

**Management Representations**
We have requested certain representations from management that are included in the management representation letters dated December 15, 2020.

**Management's Consultation with other Accountants**
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

**Other Audit Findings or Issues**
There were no other findings or issues noted during the audit.

This communication is intended solely for the information and use of those charged with governance and, if appropriate, management and is not intended to be and should not be used by anyone other than those specified parties.

Sincerely,

**Allen L Schaefer**

In planning and performing our audit of the financial statements of Fall River County (County) as of December 31, 2019 and for each of the years in the biennial period then ended, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, we considered County’s internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County’s financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified.

Auditing standards generally accepted in the United States of America and Government Auditing Standards require that we provide you with this management letter to communicate:

1. Deficiencies Noted in Internal Control:
   a. Deficiencies in internal control which are material weaknesses or significant deficiencies. Material weaknesses and significant deficiencies will be included in the schedule of current audit findings included in the audit report and are summarized later in this letter.
   b. Deficiencies noted in internal control which did not rise to the level of being a material weakness or significant deficiency, yet are important enough to merit attention by those charged with governance. These deficiencies are described in detail later in this letter.

2. Violations of laws, rules and regulations and provisions of contracts or grant agreements.
a. Material violations of laws, rules and regulations and provisions of contracts or grant agreements. Material violations will be included in the schedule of current audit findings included in the audit report and are summarized later in this letter.

b. Immaterial violations of laws, rules and regulations and provisions of contracts or grant agreements. These violations are described in detail later in this letter.

3. All unadjusted proposed audit adjustments to the financial statements which were not corrected, including the nature, amount and effect of the uncorrected misstatements. These adjustments have been determined by management to be immaterial, both individually and in the aggregate, to the financial statements, taken as a whole. The lead schedule of potential audit adjustments has been given to and discussed with Sue Ganje, County Auditor.

**Deficiencies Noted in Internal Control Which Are Material Weaknesses Or Significant Deficiencies which are included in the schedule of current audit findings in the audit report:**

None Disclosed

**Deficiencies Noted in Internal Control Which Did Not Rise To The Level Of Being A Material Weakness or Significant Deficiency Yet Important Enough To Merit Attention Of Those Charged With Governance:**

1. The Domestic Abuse Fund, 24/7 State Participation Fee Custodial Fund and the Ambulance District Custodial Fund had negative cash balances on December 31, 2019. We recommend the County investigate why the custodial funds were overdrawn. We recommend cash transfers be made timely to avoid negative cash balances.

2. Not all timesheets that are turned into the Auditor’s office are signed by the employee and department head. These were mainly from employees in the Sheriff, Jail and Dispatch. We recommend all timesheets be approved by the respective department head or designated person and signed by the employee.

3. Internal accounting controls were inadequate to ensure the custodial fund subsidiary records were reconciled to the general ledger balances. Variances existed in the Advance Tax, Partial Payments, Motor Vehicle, 24/7, Clearing and various taxing entity’s funcs agency funds. We recommend all appropriate reconciliations be completed.

**Material Violations of Laws, Rules, and Regulations and Provisions of Contract and Grant Agreements which are included in the schedule of current audit findings in the audit report:**

None Disclosed

**Immaterial Violations of Laws, Rules, and Regulations and Provisions of Contract and Grant Agreements**

1. The County did not transmit to the State’s Unclaimed Property Fund any outstanding checks that were older than one year as required by SDCL 43-41B-14 and 43-41B-18. We recommend the County remit to the State’s Unclaimed Property Fund outstanding checks older than one year as required by SDCL 43-41B-14 and 43-41B-18.

2. The County appears to have unspent federal funds from various federal programs. Accounting records do not support that the full amount has been spent. We recommend the County research these unspent funds and contact the appropriate federal or state agency to determine the proper disposition of the funds.
3. When advertising delinquent taxes on buildings on leased sites the county automatically adds $2.00 advertising fees contrary to SDCL 10-22-2. We recommend the county charge the proper advertising fees as established by SDCL 10-22-2.

4. The delinquent tax publication did not include the total of all unpaid taxes and specify the years unpaid as required by county resolution 2014-36 and SDCL 10-23-2.3. We recommend the advertisement of delinquent taxes include the total of all unpaid taxes and the years that are unpaid as required by county ordinance 2014-36 and SDCL 10-23-2.3.

5. Minor instances in which expenditures in excess of the approved budget were noted in 2018 and 2019. We recommend budget supplements or contingency transfers be approved when it appears adopted budgets will be exhausted.

We also noted other less significant items throughout the course of the audit that were discussed with management.

This communication is intended solely for the information and use of the South Dakota Legislature, state granting agencies, and the governing board and management of Fall River County and is not intended to be and should not be used by anyone other than these specified parties. As required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

If you have any questions, please contact me.

Sincerely,

Allen L Schaefer

We are providing this letter in connection with your audit of the financial statements of Fall River County as of December 31, 2019 and for each of the two years in the biennial period then ended for the purpose of expressing an opinion as to whether the modified cash basis general purpose financial statements present fairly, in all material respects, the financial position of the governmental activities, aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Fall River County and the respective changes in financial position in conformity with a comprehensive basis of accounting other than generally accepted accounting principles.
