SUBJECT: Notification of Fundraising Event

This letter is to inform your office that the Edgemont Masonic Lodge #161 located at 309 3rd Avenue, Edgemont, SD is planning to conduct a raffle beginning August 1, 2022. We would like to sell a total of 500 raffle tickets at \$10 each for two \$500 Master Card Gift Cards. Attached are samples of the raffle tickets for your review.

The drawing will occur at an Edgemont High School activity in December 2022, the exact date will be coordinated with the Edgemont Activities Director. Proceeds will go toward approved Masonic scholarships and charities. This fund raiser has become a tradition, and our community has rallied around us to help fund our seniors and the "CHIPS", Child Identification Program.

If you have any questions, please contact WB Jay Darrow at (307) 941-0525 or darrow126@yahoo.com.

Thank you,

Jay Darrow

FALL RIVER COUNTY ORDINANCE #2022 – 01
REGULATION FOR THE PLACEMENT OF NOVELTY ROAD SIGNS

ARTICLE 1 – PURPOSE AND INTENT

The Board of County Commissioners of Fall River County enacts the following ordinance to prevent confusion between novelty road name signs and road name signs belonging to the official 911 road system, as such confusion may lead to a loss of life and property.

ARTICLE 2 – DEFINITION

Official 911 road names – Road names that are used by the county for the 911 addressing system. These road names have been official recognized by the county and the State for addressing purposes.

Novelty Road Sign – A sign with a road name that is not part of the official 911 road name system or a sign with an official road name that is not located along the correct road.

ARTICLE 3 – RULES

No novelty road sign may be installed in such a way that it may be confused with an official 911 road sign. This includes but is not limited to:

- Installing a novelty road sign on a metal post at a road intersection
- Installing a novelty road sign on a metal post at the intersection of a road and driveway

Novelty road signs can be installed in the following manner:

- On buildings
- On fences
- On metal posts not located at a road intersection, such as a post in a garden

ARTICLE 3 – REMOVAL OF SIGN

If a sign is found in violation of this ordinance a letter will be sent to the owner of said sign asking for its removal or a change in installation. If the installation of the sign is not changed to meet the requirements of this ordinance within a month the county will confiscate the road sign.

Signs that are determined to be an immediate danger to the 911 system will be confiscated immediately and then the owner informed. An example of this would be a road name sign with an official 911 road name being installed along the wrong road.

3 EASY STEPS TO PROTECT YOUR NEW CAT EQUIPMENT

1. SELECT YOUR PROTECTION OPTION 2. KNOW YOUR RESPONSIBILITIES 3. PURCHASE AND REGISTER YOUR EPP

2 KNOW YOUR RESPONSIBILITIES

To qualify for coverage under an EPP, you need to:

- » Operate your equipment according to the Cat Operation & Maintenance Manual (OMM) (e.g., no improper fuel use)
- » Ensure recommended planned maintenance is performed at intervals specified in the OMM
- » Provide proof of planned maintenance compliance (receipts, copies of work orders, invoices) on request
- » Promptly provide your equipment for repair in the event of a covered failure

You can count on Butler to perform necessary inspections to confirm eligibility, install parts approved by Caterpillar on covered repairs and validate your enrollment in the program.

3 PURCHASE AND REGISTER YOUR EPP

Work with Butler Machinery to complete the process – and get the protection and peace of mind you deserve.

EXCLUSIONS*

If a component isn't listed, it may not be included in your plan. Other exclusions include:

- » Failures caused by normal wear-out or improper or abusive use of the machine
- » Lubricating oil, antifreeze, filters, consumables and other maintenance items replaced during the covered component repair, unless such items are rendered unusable by a covered component failure
- » Travel time and mileage involved in getting to a jobsite
- » Hauling, retrieval, equipment rental or overtime labor costs
- » Repair costs resulting from the failure of any non-covered components
- » Downtime loss
- » Any incidental or consequential damages or costs incurred as a result of a covered component failure
- » Modifications unless approved by Caterpillar

*These are examples of covered and excluded components or items. The actual dealer contract will govern. See Butler Machinery for a complete list of covered components and more information.

Highway Superintendent Seiler, Chairman Falkenburg, and County Commissioners,

In response to the recent request for financial assistance on road improvements being performed on Fall River County Road 71A or "Sheps Canyon Road", the department has come up with the following recommendations:

Regarding improvements in 2022, the department would like to offer 50% of the magnesium chloride application cost of \$17,500 (\$35,000/2). Due to lack of scheduled budgeted funding for improvements on this portion of road, the department is only able to accommodate a much smaller financial commitment than requested. As a reminder, for scheduled funding in our state budget we would like to see a full scope of work, requested amount of funding/cost-share prior to July 1st for the following construction season. During Mr. Seiler and I's phone conversation on Wednesday July 6th, it appears the financial constraints of both entities may prohibit a hard surface on this section of road for the foreseeable future and anticipating annual mag water treatments like we had done prior to the 2021 is more likely. The department will budget for a 50% cost share on a single magnesium chloride treatment in our FY24 budget for the 2023 season unless the county has interest in requesting for additional financial assistance on road improvements in 2023.

To provide support for the future of the road, I would like to bring your attention to a program administered through the federal government known as FLAP. FLAP- Federal Lands Access Program administered through FHWA (Federal Highway Administration). This program allocates federal funding for road improvement projects that link local jurisdiction roads to federal lands. County and state governments are able to apply for these through a competitive grant process with a desirable cost-share of federal funds (approximately 80/20). <https://highways.dot.gov/federal-lands/programs-access> The next anticipated round of a "call for projects" is scheduled for 2025. Another source the county may be eligible for is through the FLTP program (Federal Lands Transportation Program). <https://highways.dot.gov/federal-lands/programs/transportation> This program is also administered through the FHWA. It is my understanding they will be waiting until 2024 before they will open another cycle of applications to be submitted, scored, and allocation of funds given out based on the scoring results.

Thank you for your continued support on quality road improvement projects throughout the county.

Respectfully,
Adam Kulesa
Planning/Development Administrator

RESOLUTION NO. 31

RESOLUTION REQUESTING THE BLACK HILLS FOREST SERVICE RESPOND TO BLACK HILLS
NATIONAL FOREST COUNTIES' CALL FOR A SECOND DRAFT OF ASSESSMENTS

WHEREAS, the Counties of Crook, Custer, Fall River, Lawrence, Meade, Pennington, and
Weston have determined it necessary to address deficiencies in the Forest Service Draft
Assessments for the Forest Plan Revision; and

WHEREAS, the Counties of the Black Hills National Forest have reviewed the draft
assessments, and have determined that the 2012 Forest Planning Rule, has not been followed;
and

WHEREAS, the 2012 Planning Rule requires the Forest Service to "document and
summarize how the universe of best available scientific information" has been utilized however
best available scientific information has not been included in the draft assessments; and

WHEREAS, the Counties of the Black Hills National Forest have determined that the
assessments have multiple data gaps and therefore cannot properly inform the Forest Service
on their planning process or properly inform development of the Plan Revision; and

WHEREAS, the Forest Service is rushing the process to meet a pre-determined schedule
rather than encouraging a process that properly engages stakeholders or properly assesses the
current resources of the Black Hills National Forest.

NOW THEREFORE BE IT RESOLVED:

1. The Counties of Counties of Crook, Custer, Fall River, Lawrence, Meade, Pennington,
and Weston are calling for a second draft of the assessments be completed by the
Forest Service which address data gaps, utilize best available scientific information,
refrain from including obsolete data, and omit or acknowledge conflicting
statements between assessments, refrain from bias and/or unsupported
statements.
2. The Counties of Counties of Crook, Custer, Fall River, Lawrence, Meade, Pennington,
and Weston are requesting that the Forest Service properly engage all stakeholders
and local governments.
3. The Counties of Counties of Crook, Custer, Fall River, Lawrence, Meade,
Pennington, and Weston are calling on the Forest Service to expedite the process of
approving the Memorandum of Understanding and Cooperating Agency Status.
